

Technical drawing of a mechanical part, likely a nozzle or probe, showing dimensions and labels. The drawing is a side view with a central axis of symmetry indicated by a dashed line.

Key dimensions and features:

- Overall length: 185.4
- Length of the main body: 120
- Length of the tapered section: 93
- Maximum diameter of the tapered section: $\max. 36$
- Angle of the tapered section: 5.4°
- Internal diameter of the tapered section: $\phi 8$
- Outer diameter of the tapered section: $\phi 21$
- Outer diameter of the main body: $\phi 27$
- Label "JD" points to the central axis.
- Label "JF" points to the internal structure of the tapered section.
- Label "IS07388-2-JF40" points to the internal structure of the tapered section.
- Label "N" points to the internal structure of the tapered section.
- Label "1" points to the internal structure of the tapered section.
- Label "2" points to the internal structure of the tapered section.

- Kühlmitteldurchführung : Zentral (JD)

state of delivery:

- coolant supply: central (JD)
